## OUR MISSION

The mission of Big Brothers Big Sisters of Northern Nevada is to create and support one-to-one mentoring relationships that ignite the power and promise of youth. In 2020, that mission only became more urgent as our kids adapted to a new way of life. Now more than ever, we need Bigs in our Littles' corners to help **#defendtheirpotential**.

We want to recognize our community for sustaining BBBSNN through a difficult year. We are grateful for your faith in a program that seeks to build connections across northern Nevada's generations, economic classes, cultures, and more. It has been a pleasure to watch our matches grow in their understanding and support of each other despite the challenges of the past year, and we look forward to bringing the life-changing influence of mentoring to more children in 2021.

**In 2020, 100% of age-eligible Littles graduated high school, compared to 78% of their peers of similar socio-economic background county-wide. And in a survey of adult program alumni:**

**75%**

say their relationship with their Big helped a lot in making better choices through their childhood.

**86%**

say their Big changed their perspective on what they thought was possible in life.

**90%**

report their Big made them feel better about themselves, and 84% say being a Little has influenced them to have confidence in their abilities.

# DONORS

While the last few months have brought more than their fair share of uncertainty and difficulty, they have also revealed to us at BBBSNN what true friends we have here in northern Nevada. Chief among those in 2020 were Cliff and Gayle Scheffel, whose generous gifts through the Scheffel Family Foundation, leveraged as matching fundraising challenges, generated nearly \$230,000 in total revenue to support our matches. The Scheffels' generosity has left a lasting impact on our community's youth by providing mentors to defend, ignite, and empower their potential in a confusing and chaotic time. From the bottom of our hearts, we thank Cliff and Gayle for shining a bright light on our program when we needed it most. Their dedication to mentoring and northern Nevada is inspiring, and we enthusiastically welcome Gayle as our newest Board of Directors member. #defendersofpotential

# MATCH HIGHLIGHT

## Big Sister Kristin & Little Sister Elisabeth

Kristin and Elisabeth were matched in 2017. A shy 9-year-old at the time, Elisabeth took some time to open up to her new Big Sister, but the two introverts slowly bonded over craft projects, movie dates and window shopping. Now by the time their visits are over, Elisabeth is laughing, asking questions, and throwing out ideas about what they should do next. Board games like Mancala and art projects like the ones offered by our partner Bridgewire Makerspace are their go-to; in fact, Kristin now keeps an “emergency slime” bag ready to go for their meet-ups! Kristin sneaks in new experiences, like the art museum, walks, or a new type of restaurant, as often as she can get away with, and was finding Elisabeth to be more open to them before COVID-19 hit. One of their favorite memories together is of picking out outfits for each other to try on at Forever 21 - they love to try out a “twinsies” outfit now and then too.

Throughout the shut-downs and quarantines of the past year, Kristin and Elisabeth kept in touch via texts, FaceTime, and some socially distanced drop bys. Kristin even sent Elisabeth some treats in the mail while they couldn't meet face-to-face. Elisabeth, like many kids, is less open on the phone than in person, and both were excited to have a few outdoor, masked meetings before our statewide “pause” in November. Their interactions have been more meaningful than ever to Elisabeth, who is currently back in school but had several periods of distance learning to handle in 2020. The absence of her friends and face to face contact with teachers made her assignments harder, she said.

As a tradition, Kristin puts together a Shutterfly “yearbook” of herself and her Little Sister to present to Elisabeth at their match anniversary each December. Neither were expecting 2020's to include quite so many masked photos, but they are grateful to have each other to talk to throughout the changes. Now that they've restarted a regular meeting schedule, Kristin is excited to help support Elisabeth through the more “normal” challenges of middle school.
